Mr. Charles Beck and the MPBC Board
Maine Public Broadcasting Corporation
65 Texas Street, Bangor 04401

Dear Mr. Beck and respected MPBC Board members,

As a citizen I am naturally concerned by the state of the nation today - our deteriorating economy, dwindling liberties, corporate crime, the rush to foreign war, etc. Yet we find so little thoughtful debate, detailed coverage or diversity of opinion on these topics on our mainstream media. I therefore turn to Maine Public Radio for help, and earnestly request that you soon **add "Democracy Now!"** to your broadcast schedule. The show has won countless journalism awards and presents a rich variety of voices speaking on peace, labor, public health, social justice, and the environment. A diversity of views nourishes democracy. Please help strengthen ours...
